Ellen Scruggs
Park Hill Collection
2400 Scott Hamilton Dr LR, AR

DEAR MS. ELLEN SCRUGGS:

Thanks so much for taking the time to meet with me in person today. Our first interview was incredibly informative, and I look forward to learning even more about Park Hill.

From what I can tell, Park Hill's success is built on people working as part of a team. With my unique combination of design, art, and web development skills, I believe I can help you move forward and connect with both your technology team and your customers on a new level.

I'm no stranger to small teams where every person has to fill multiple roles. I have experience in project management, team organization, web development, graphic design, and photography. My tech skills, combined with my organization skills, mean that I am in the perfect position to help organize and streamline team processes as Park Hill moves into 2022 and expands their web presence into the consumer market. I love working with people, tackling big challenges and solving problems. From everything you've told me, it sounds like Park Hill needs one more person on their team. I strongly believe that person is me.

I look forward to hearing your decision, and invite you to reach out if you have any further questions.

Sincerely,

MADDIE O'CONNOR
